02 About Me

I am a freelance marketer with over 15 years of experience in branding and sales. I have worked with projects such as Axo Littles, Dole, AltoCity, FurBrawls, and NFT Black Market.

AltoCity

These collections are pretty famous, so I suggest you reach out to the projects and ask them how they liked the service :)

AxoLittles

NFTmansa 2021 Projects. Most of these started with less than 200 Followers before we worked together.

NFT Black Market
